

Historically, turnout among the disabilities community is about 15% less than turnout among all voters. Let's do something about that in 2008!

Register today for a workshop on Get Out The Vote Techniques, Ideas and Resources for the Disabilities Community

**Wednesday, June 25, 2008
Stevens Point Ramada Inn
1501 North Point Drive
10 a.m. – 4:00 p.m.**

Who should attend: Consumers, organizational staff, direct support workers, parents, families, allies...all those interested in organizing get out the vote activities in 2008 and beyond!

What you'll learn: What kinds of get-out-the-vote (GOTV) plans work and why; what other groups are planning; how you can tap into resources to help with your GOTV drive.

About the WDVC: The Wisconsin Disability Vote Coalition (WDVC), through a targeted and non-partisan GOTV effort has increased participation by the disabilities community by an average of 19% over the last three elections.

The WDVC also engages in education, outreach and trainings on voting rights and poll place accessibility. We've partnered with local disabilities organizations to provide technical assistance and funding for localized GOTV efforts as well as candidate forums.
